

Defibrillator training

Subject: Please Share Defibrillator training event at Laneham 5th September 2.30pm - 3.30pm and 7.30pm - 8.30pm

Hi Everyone,

I've been asked to share the below with the other Parishes in Bassetlaw/Western West Lindsey & Northern Newark & Sherwood, so I have included you all on this as a BCC distribution, I would be grateful if you can forward to all your cllrs, please tell them to feel free to promote the below by word of mouth, in any local news letters, your facebook and other social media, whats app groups etc so that people in the East Bassetlaw area know of the below training should they want to go to it.

All the best,

Ed

Subject: Defibrillator training

We're running a defibrillator and CPR training course at the hall on 5th Sept and want to invite other village groups along. Loads of villages have defibrillators in their area now and we've got a retired paramedic running a training session. Details are below:

CPR & Defibrillator Training

5th September 2.30pm - 3.30pm and 7.30pm - 8.30pm

At Laneham Memorial Hall (DN22 0NG)

Former paramedic of 17 years Trevor Robinson has kindly offered to share some easy CPR training and show us how to use a defibrillator. There are many community defibrillators around our villages and with some very simple training these machines could help to save a life. You'll be guided through some essential life-saving techniques and given vital knowledge in this course which is open to all.

Tickets are just £2 to cover hall costs and the price includes refreshments and biscuits. You can book a space via lanehammemorialhall@gmail.com or by calling in to LLindas Craft & Card shop on Main Street in Laneham.

RSVP by 31st August 2022.
