4. Bassetlaw's emerging Local Plan (Policy ST2) proposes a *minimum* of 5% more properties in East Drayton up to 2037 (7 properties). The Local Plan requires neighbourhood plans to meet the minimum requirement, but also provides the option to plan for more housing, subject to justification and support from the local community. At the present time, there are around 11 potential properties in the village going through the planning process, meaning that the minimum requirement may soon be met.

With the above in mind, what do you think is the best approach to planning the *right* number of additional properties ED will require over the **longer term** – the next 10-15 years?

Plan to meet the minimum requirement figure set by the Local Plan, but no more.	
Plan for additional housing in the village, by identifying specific sites, subject to criteria.	
Plan for additional development in the village, by allowing infill development within the village boundaries, subject to criteria.	
Don't know.	
Keen to discuss to better understand the implications of the options.	
Other (your own words)	

5. Which of the following statements best fits your view on what **size** of housing the village should focus on?

A mix of different sized properties	
A focus on smaller properties (1 – 2 bedrooms)	
A focus on mid-sized properties (3 – 4 bedrooms)	
A focus on larger properties (5 bedrooms +)	
A mix of different sized properties	
Other (your own words)	

6. Which of the following statements best fits the **type** of housing you would like to see in East Drayton? (tick all that apply)

A mix of house types	
Houses	
Bungalows	
Flats	
Affordable housing	
Other (your own words)	

7. Which of the following statements best fits the **style** of housing you would like to see in East Drayton?

Houses that blend-in with existing properties (more traditional)	
Houses that bring something new to the village (more contemporary)	
A mix of traditional and contemporary styles	
Other (your own words)	

8. Are there any other comments you would like to make?

.....

Thank you!
