

Impact Report 2021 / 2022

Hello East Drayton

Neighbourhood Watch 2021/22 Impact Report demonstrates 'More than you think'

We are delighted to share our [2021/22 Impact Report](#), which highlights how, in our 40th anniversary year, we are helping more people feel safe and connected. The report demonstrates how we are beating crime together and building a more diverse set of partnerships in communities.

Our work on antisocial behaviour, burglary, theft and car crime remains vitally important, but it is important we continue to do more than this. We work hard to address crimes such as violence against women and girls, rural crime, scams, fraud, cybercrime and more.

Through uniting communities on what matters to them, we are also bringing new people together and, in so doing, increasing pride in our neighbourhoods and reducing loneliness and isolation.

We couldn't have achieved what we have in the past year without the hard work and dedication of our funders, partners, trustees, staff, our own communities, and most importantly, our incredible volunteers.

Read our impact report [here](#).

We are making this a better place to live. Together.

Best wishes,

John Hayward-Cripps, CEO, Neighbourhood Watch Network
