

Oil and fuel thefts

Good Morning

As we are all aware the price for fuel is continuing to rise. Previously when we have seen price rises in fuel there has been an increase in thefts. These can either be from vehicles or oil tanks on private land.

Although there has not been a dramatic increase currently we are seeing more incidents being reported. Also with the continued increase in fuel costs we believe these will increase over the next few weeks.

Please ensure you take steps to prevent this happening to you.

Check, repair or upgrade the security to your tanks and be vigilant to any vehicles or persons in and around them which you deem are acting suspiciously.

Report any suspicious activity to 999 or 101 if not happening at the time of reporting.
